

BlueFan BF 50

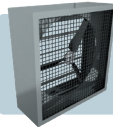

Perfect fan for renovations and new build

RETROFIT

It is **EASY** to replace existing box fans with the new BF 50. Installation is **SO QUICK**, that it can be done **between batches**:

- Arrives assembled – a robust fan that is easy to install
- Fits in the existing holes in the house – no need for new building structure
- Reuse the existing cables in the house – easy additional wiring for motor-controlled shutter and LPC variable

	Impeller drive	Shutter control	Material	Noncorrosive	Maintenance-free	Energy-efficient fan	Cone as an option	Airtight shutter <small>Less back draft from the outside</small>	More insulated fan and shutter <small>Reduced condensation on the inside</small>	Possibility of emergency opening	Stable shutter position <small>Also in windy conditions</small>	Energy-efficient motor	Possibility of using Dynamic Multistep <small>In combination with SKOV controller</small>	Stepless outlet from 0% to 100% <small>In combination with SKOV controller</small>
 Galvanized 50" box fan	Belt	Air/Centrifugal	Galvanized metal	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
