

EASY 100 – AVIARY

SPECIFICATIONS

Easy 100 – Aviary

AVIARY SYSTEM

Easy 80/100 Aviary system, much appreciated by our customers and by far our best seller in Europe.

The system is equipped with a center eggbelt which collects system eggs automatically.

Very Easy bird control due to maximum overview and only two tiers.

ADVANTAGES OF THE EASY 100

- > Very good overview in the system, saves labour
- > Only two tiers, means, no climbing for the customer, saves labour
- > System eggs are automatically collected on the egg belt, which means: Less labour
- > Customer collects all the eggs that are laid in the system
- > Low system suited for conversion from existing houses
- > Water, feed and laying nest on each tier, means: Good start up for the hens
- > Best feed conversion ratio in the market
